Subject: NPDES Permit WAS026611

Ms. Vakoc,
I am writing to ask if you could reopen the public comment period on the above permit. I first heard about this permit in the final week and have been researching the impact. My strongest concerns is the pollutants move from lands under the jurisdiction of the Navy onto lands under county jurisdiction. I want to be assured that the impact of runoff from the Navy land onto county land and the jurisdictional boundaries and impacts are considered. I look forward to hearing from you.
Sincerely,
Janet

Janet St. Clair, Island County Commissioner District 3
